- Web Development

PROJECTS

Type Speed Test

2022

- Typing Speed Test application using HTML, CSS, and JavaScript to assess user's typing proficiency.
- The application provides an engaging interface where users can test their typingspeed and accuracy in real-time.

AMAZON CLONE

2023

- Successfully developed a fully functional Amazon clone website using HTML and CSS, showcasing proficiency in front-end web development.
- The project aimed to replicate the user interface and experience of the popular e-commerce platform, incorporating key features such as product listings, search functionality, cart management, and responsive design.

BMI Calculator

2023

- This calculator allows users to input their height and weight, and instantly calculates their BMI based on the provided information

INTERNSHIP

CodeSoft

10 jun 2024 - 10 july 2024

Web Development

- I specialized in web development, with a particular focus on creating responsive web pages. Utilizing my skills in HTML, CSS, and JavaScript, I ensured that the websites I developed were optimized for viewing across various devices and screen sizes.
- This involved implementing fluid layouts, flexible images, and media queries to adapt seamlessly to different resolutions.
